

Fleet Interactive

Assessing the health and efficiency of your fleet

The Fleet Interactive tool provides Fleet Managers with sophisticated, real-time access to a broad range of information that makes light work of daily fleet operations.

By integrating several different departments such as procurement, billing, maintenance and analytics, Fleet Interactive puts you in the driver's seat of your fleet and ensures that you will always have the most up-to-date information about all your vehicles and drivers all the time.

Built with Fleet Managers in mind

The Fleet Interactive tool is a quick reference that can help you assess the health and efficiency of your entire fleet from a streamlined and intuitive interface. You get:

- 1** Round-the-clock access
- 2** Real-time data
- 3** Detailed vehicle information including:
 - Engine number
 - VIN number
 - Make and model
 - Service history
- 4** Last odometer reading
- 5** Complete financial control
- 6** Proactive risk management
- 7** Access to driver information

Get the whole picture

All the information you need about your fleet is at your fingertips in a format that's easy for you to contextualise, cross-reference and interpret for your business objectives. Key features include:

- 1** Dashboard reporting
- 2** Combined driver scorecards
- 3** Traffic fine management
- 4** Open-road tolling
- 5** Invoicing
- 6** Comprehensive reporting
- 7** Contract details
- 8** Vehicle inspection details
- 9** Fleet policy and procedure management
- 10** Compliance management
